Bachelor of Commerce

B.Com (Hons)

Course code:	BCOM4
Duration:	4 Years, 8 Semesters
Credit Hours:	138
Start dates:	Spring & Fall
Awarding body:	NUML

Introduction:

The Bachelor of Commerce programme will prepare you for work in an ever-changing business environment. The curriculum is designed to introduce you to the concepts and theories of commerce and will equip you with the skills needed to apply what you have learned in your job. The flexible degree structure of the B.Com (Hons) programme allows you to specialise in different areas, including accounting, finance, banking and marketing.

The core curriculum of the Bachelor of Commerce programme focuses on the development of quantitative, analytical, arithmetical and intellectual skills. The core curriculum is supplemented by a number of elective courses allowing you to excel in your area of interest.

Program Objectives:

- To develop an understanding of commerce and be able to apply the gained knowledge and skills in a business environment
- To equip the learner with the know-how of operating successfully in a continuously changing business environment
- To equip candidates with the skills required to lead in a management position and to make informed and ethical decisions based on a thorough knowledge of commerce concepts

Dissertation / Final Project

This module aims to provide students with an independent learning opportunity through applied research in an area of personal interest. Project supervisors will monitor students' progress and provide guidance where required.
